DEMOCRATIC TICKET NAMED.

The State Convention at Springfield nominates Thaddeus E. Cromley for Secretary of State; G. B. Okey, for Supreme Judge and Leopold Kiefer for Board of Public Works—Other State News.

SPRINGFIELD, O., Aug. 28.—The state Democratic convention met here yesterday and nominated a ticket. The convention was called to order at 11 o'clock in Army hall by J. A. Norton, chairman of the state central committee.

The house was filled with people, many ladies being present in the parquette. Rev. Mr. Breckenridge asked a blessing upon the proceedings and the work was begun.

Charles W. Baker, of Cincinnati, was selected as temporary chairman. There were no contests and the usual committees were appointed.

L. T. Neal, of Ross county, was made permanent chairman, and T. J. Cogan, of Hamilton, permanent secretary.

The platform was then reported and unanimously adopted. It demands the reduction of the tariff taxes; favored legislation looking to the suppression of trusts; sympathized with the laboring classes against monopolies and inviting them to join the Democratic party; favored the free coinage of silver; acknowledged the services of the soldiers of the rebellion, and denounced the duplicity of Republicans in not keeping their pledges as to pension legislation; demands a free ballot and a fair count; denounces the Federal election bill; and the despotic code of rules adopted by the present National house of representatives, and heartily indorses the administration of Governor Campbell and the record of the Sixty-ninth assembly.

The business of nominating candidates being in order, Judge J. H. Reese, of Circleville, named Hon. Thaddeus E. Cromley, of Pickaway county. On motion of James Patterson, of Hamilton county, the nomination was made unanimous.

Names being called for judge of the supreme court, George A. Fairbanks, of Franklin, nominated George B. Okey, of Columbus; Hon. O. J. Cogrove, of Cincinnati, seconded the nomination of Okey. Gen. John L. Vance, of Gallipolis, named Arnold Green, of Cleveland, and was seconded by James Lawrence of Cuyahoga. The ballot was taken by many changes, but resulted in the choice of George B. Okey by 439 1-2 to 239 1-2 for Green.

For member of the board of public works four names were presented, Leopold Kiefer, of Miami county; William Sampe, of Henry county; Blair Haggerty, of Williams county, and John McNamara, of Summit county. On the first ballot Kiefer was nominated, receiving 419 votes, Sampe 4, Haggerty 51, McNamara 281. The nomination of Kiefer was then made unanimous and the convention adjourned.

The Tenth district Democratic congressional convention nominated John Quiner Smith by acclamation, and introduced the administration of Governor Jim Campbell.

The Democratic state central committee met and organized by the election of Dr. Norton, of Tiffin, as chairman; B. J. McKinley, of Marietta, as vice chairman, and John L. Geyer, of Paulding, as secretary. The committee meets at Columbus Sept. 9 to select an executive committee.

Washington Dispatches

First Report of the Indian Census.

A VERY LARGE NUMBER MISSING.

Government Rations Have Been Distributed to Thousands of Indians, Which Cannot Be Found by the Enumerators—Other News from the National Capital.

WASHINGTON, Aug. 28.—Recently the Indian office received the first report from A. T. Lea, who is engaged in taking the census of the members of the Sioux tribes in the Dakotas. He has completed the enumeration of the Indians in the Rosebud agency in South Dakota, and finds that there 5,166 men, women and children located there.

As the Indian office has been for the last few years distributing rations there on the basis of a population of about 7,500, naturally the inquiry arose as to what had become of the odd 2,300 Indians.

This query was put to Indian Agent Wright, who had reported each quarter the number of Indians on the reservation, and in reply at first he said that he would himself take a census. This was done, and as a result he reported that he had found only about 125 more Indians than Mr. Lea had found. He thereupon accounted for the discrepancy between his original figures and those of Mr. Lea, by stating that owing to epidemic which prevailed among the Indians last year and the prevalence of the measles and smallpox among the children, the number had decreased.

Indian Commissioner Morgan looked over the report of the agency physician for the year ending June 30, 1890, and found nineteen deaths reported, and nothing said of an epidemic. He thereupon reached the conclusion that Agent Wright's explanation was hardly adequate to account for a mortality which had swept out of existence 80 per cent. of the Indians on the Rosebud agency.

Secretary Noble concurred in this view and an order has been issued directing that an investigation be made of the affairs at the Rosebud agency, with the view of ascertaining the present location of the 2,300 Indians who have disappeared since Agent Wright's last report, and the taking of the census which has just been completed.

Special Agent Lea is going on with the work of taking the census of the Sioux tribes of Indians, and perhaps he will discover that large bodies of Indians are also missing from other reservations.

House and Senate Proceedings.

WASHINGTON, Aug. 28.—In the house yesterday filibustering against the land bill was continued. There was a scene occasioned by a remark made by Mr. Cannon which was interpreted by the house as vulgar, and in a personal controversy during its discussion, Mr. Beckwith, of New Jersey, struck Mr. Wilson, of Washington. Quiet was restored. Mr. Cannon disclaimed the vulgar construction put on his remark. The house adopted a resolution directing the sergeant-at-arms to arrest absentees and revoking leaves of absence except those granted for illness, and adjourned.

In the senate Mr. Plumb's resolution to prohibit the sale of liquor in the senate wing was discussed and finally referred to the committee on rules. The tariff bill was then taken up and some progress was made with it.

SHORT HOPS.

Latest Reports Indicate That There Will Be a Falling Off of 50 Per Cent.

SPRINGFIELD, Mass., Aug. 28.—The New England Homestead's carefully prepared report of the hop crop of the country shows that there is a considerable shortage, particularly in New York state. The average yield of all the growing territory will fall nearly 20 per cent. under a full crop.

In New York state only three-quarters of an average crop will be harvested. Massachusetts which grows few hops, will have 75 per cent. of a full crop, Wisconsin 60 per cent., and California 90 per cent. Prices have reached forty cents a pound in New York and twenty-seven one-half cents in California. The prices offered in these two states govern the prices in other states. While the crop is short, the quality is better than usual.

After the appointment of the several committees a recess was taken until 3 o'clock. There was much enthusiasm among the delegates. Ex-Secretary of the Interior William F. Vilas was a member of the committee on resolutions.

The delegates were slow in reassembling after recess, and when the committee on resolutions reported the platform it was read and discussed by sections, and then adopted by an unanimous vote.

Nominating speeches for governor were then in order. After the various candidates were presented an informal ballot was taken, after which the convention took a recess until 8 p. m.

After recess the balloting was proceeded with and upon the sixth ballot, George W. Peck, present mayor of Milwaukee, was nominated for governor.

Charles Jones, of Racine, Wis., was nominated on the first ballot for lieutenant governor and the convention then adjourned.

JUMPED FROM A TRAIN.

An Old Man's Deliberate Suicide Followed by His Little Daughter.

PHILADELPHIA, Aug. 28.—Among the passengers on an early express train from this city for New York yesterday morning was a well dressed old gentleman, accompanied by a little girl. On nearing Holmsburg junction, about ten miles from this city, and while the train was running at a high rate of speed, the old gentleman made his way to the front of the car and deliberately jumped off.

The little girl who had been watching him saw him jump, and before the passengers realized what she intended to do she had to the front of the car and sprang after him. The train was stopped and backed to the spot where the two had jumped off. The old man was found dead and the little girl stretched insensible a short distance from his body.

The body of the man and of the girl were placed on a train and brought to this city, where they were taken to a hospital whence the child's injuries were found to be serious. When the child regained consciousness she said the old gentleman was her father, and that his name was Stephen Beck, and that they lived in St. Clair county, Ill., and were bound for Hamburg, Germany.

Chicago Labor News.

The Strike at the Stockyards Nearing an End.

A COMPROMISE LOOKED FOR.

Movements of Trains Attempted by Officials of the Road—The Strike on the Chicago and Alton Practically Unchanged—State of Affairs Along the New York Central Line—Other Labor Dispatches.

CHICAGO, Aug. 28.—The blockade at the stock yards, caused first by the strike of the engineers and firemen of the Switching association and subsequently by the strike of the switchmen, was almost raised yesterday. About a dozen engines manned by officials of the different roads began shifting the dead trains so that the ice cars could be reached. There was not as many policemen about the yards as on the previous day and the forty or fifty strikers who congregated in the neighborhood of the yardmaster's office made no demonstration. It is now believed that the strike will soon be over and the men will resume work.

The packers, it is said, will not allow the dissolution of the Switching association, and as the strikers have signified a willingness to return to work at their old wages, it is believed that some sort of a compromise will soon be arrived at.

The situation in the strike of the Chicago and Alton switchmen remains practically unchanged. The firemen and engineers decided yesterday not to go out in support of the switchmen, as it had been intimated they might do.

The company has been advertising for switchmen and has secured quite a force of men, which it will try to put to work this afternoon. General Manager Chappell went out into the yards himself yesterday, and threw switches and coupled and uncoupled trains with all the dexterity of an old timer to show his determination to win the fight at all hazards.

ALONG THE NEW YORK CENTRAL.

No More Strikes to Be Ordered but a New Warfare Begun.

NEW YORK, Aug. 28.—Mr. Powderly and Mr. Hayes, of the general executive board of the Knights of Labor, are at the St. Cloud hotel where they will remain for the present. Mr. Hayes said yesterday that the board would not order any more strikes, at least for the present, but would devote its energies to arranging for stamping the state with well-known speakers who would in a forcible manner present the matter to the workmen.

Among others who will speak are James H. Millen, of Boston; M. H. Butler, of Warren, Pa.; J. D. Long, of Detroit; Mr. Devlin and Mr. Wright.

At the Grand Central depot Mr. Webb said there was nothing new with the exception that the amount of freight being moved was equal to that at any time before the strike.

Unchanged at Buffalo.

BUFFALO, Aug. 28.—The strike situation, on the surface, appears to be unchanged. John Devlin, of the Knights of Labor executive board, addressed a meeting last night. Several of the striking switchmen applied to the superintendent for reinstatement yesterday. Their cases are being considered. A considerable number of new men who came here to take the strikers' places are in the hospital suffering from the results of accidents. Several have had their arms caught between the bumpers and smashed, and others are minus fingers.

The old man wondered if the boy was dead game, and whether he would really shoot. Jonathan dressed himself and sneaked into the melon patch. He was just on the point of devouring a luscious melon when the boy emptied both barrels into the old man's body. He may die.

IMPORTANCE OF HELIGOLAND.

Lord Charles Beresford Breaks the Silence on the Subject.

LONDON, Aug. 28.—Lord Charles Beresford, one of the most competent English officers, has broken the silence regarding the importance of Heligoland to Germany, and is quoted as saying that the real value of the island lies in its relation to the new canal which is to unite the North sea and the Baltic.

From the moment that Germany aspired to be a maritime power the necessity was imposed upon her of maintaining two fleets, one in the North sea and one in the Baltic. In case of war either in the east or the west these two fleets can unite through the canal, without the danger of interruption by Denmark or any hostile power in taking the transit by sea.

But so long as Heligoland was neutral, the union of the two German fleets could be prevented, or at least rendered precarious, by an enemy's fleet stationed near the island. The possession and fortification of Heligoland by Germany renders it impossible for an enemy to prevent the junction.

The acquisition of the island, therefore, means to Germany that the value of her navy in those eventualities which are most probable, is something like doubled.

New Railway Report.
(Columbus Dispatch, Feb.)
The quiet which has reigned over the affairs of the C. H. V. and T. for the past two or three months was broken today by a radical change in the operating department of the road. Though not entirely unexpected to those in close relations with the road, it will still cause general surprise to learn that James Bruce is no longer superintendent of the Toledo division. His career with the road was short. The story connected with the change will also be made short, for here it is in a circular issued today by General Superintendent Rockwell, and approved by President Waite: "Mr. James Bruce having resigned, Mr. A. E. Robbins is appointed superintendent of Toledo division. Appointment to take effect September 1, 1890." Mr. Robbins is a train master on one of the divisions of the Missouri Pacific and spoken of as a thoroughly competent man in every way for the position.

A very pretty wedding took place at the residence of A. J. Peters, about eight miles north of this city, Wednesday evening. The contracting parties were Mr. Peters' daughter, Ida L., and James H. Rhoads. The ceremony was performed by Rev. W. P. Hale, of this city, assisted by E. V. Gardner, also of this place.

Nearly one hundred guests were present and all were served with an elegant supper while listening to sweet strains of music from the Wyandot band. The happy pair were the recipients of numerous elegant and costly presents. Both of the contracting parties are well-known throughout the county and their many acquaintances are profuse in their congratulations.

Vacation Almost Over.
Provident parents will now make respectable little men out of their boys. For school wear they must have suits of strong cloth, well made and at the smallest possible expense.

Kleinmaier Bros. having most of their new fall goods in, are able to meet the requirements of your taste and purse. While they have suits for small boys as low as \$9.95, \$10.00 and \$11.00, they have a line of suits that range from \$2.40 to \$4.50 that are stylish, perfect fitting and durable in color and wear, which you should see.

About seventy guests responded to the invitation of Mrs. Willis Kanable Wednesday evening and assembled at her home on Windsor street. The occasion was the 28th birthday anniversary of her husband and she succeeded in completely surprising him. Mr. Kanable was working at the Huber shops in the evening and during his absence the guests had assembled. Among the other pleasant features of the evening was a hospitable spread by which Mrs. Kanable exhibited her culinary abilities, which was enjoyed by the guests. Mr. Kanable received several presents, among them being a plush rocker from Mr. and Mrs. Huber, a hanging lamp from friends and a guitar from his wife.

At the Hartford races Tuesday, Seito Girl, who was entered in the 2:17 pace, ran away, but did no great damage. In the first heat the mare upset her sulky by striking Lochinvar's and went once around the circuit without a driver. Both horses started again. The Marion county mare sold a favorite at the opening of the race but did not get a heat, but quit in fourth place.

Mrs. R. E. Nelson, of Morrow county, is the guest of Rev. and Mrs. A. W. Yale. Mrs. Nelson is authoress of the pretty story Dorance, and during her visit here is engaged in reading proof of her latest production, Destiny or Common Place Life. Mrs. Nelson is a pleasing writer and her stories have a charm that make them very popular.

Miss Fielding, stenographer at the Huber office, entertained about twenty of her friends at the home of Robert Beatty, on east South street Wednesday evening. The evening was spent in dancing and social pleasures, characteristic of a congenial party of friends.

The Marion Stone Company has come out of business so far as new orders are concerned, and the Clark-Field Stone Co., with the agency of W. G. Shale, now conducts the yards here. The change was finally effected this week.

The F. M. Walter stock of goods has been removed from the Keeler room on east Center street and shipped to Rushsylvania where it will be merged with the Walter store there. Mr. J. C. Walker's health is too poor to manage two stores, hence the removal.

THE BOYD REUNION.
Sixth Meeting of the Boyd "Kith and Kin" at Hotel Marion.

The sixth reunion of the Boyd family, which was held in this city, at Hotel Marion, Wednesday and today, was not a notable success so far as regard attendance. About seventy-five members of the association were expected to be present, but the attendance was diminished by sickness and other preventing influences, and only about thirty members responded to the call for the meeting. The president of the association, Rev. J. N. Boyd, of Chicago, Ill., was among the absent ones, and many prominent members were prevented from attending.

The meeting of trustees occurred Tuesday afternoon and the conference of officers was on the program for that evening. Wednesday forenoon was given up to the reception of guests, enrollment, introductions, etc. In the afternoon Miss Winona A. Hughes, of Marion, gave the address of welcome, which opened the program of the song service, addresses, etc., which were followed by similar exercises in the evening and this morning, together with reports of the various committees. The meeting closes this evening, although several members of the association were preparing to leave this afternoon, business and other duties calling them home.

The regular published program was varied in some respects on account of absentees, but an enjoyable meeting of this rather notable family was held notwithstanding.
